Bayou Lafourche GOMP

B. Lafourche Water Sampling

B. Lafourche Inspections and Home Assistance

B. Lafourche Home Assistance

WE WILL PAY YOU TO FIX YOUR HOME SEWAGE SYSTEM!

WHERE? This program is being provided to homeowners in parts of **Ascension, Assumption and Lafourche parishes** along the Bayou Lafourche corridor.

WHO? The **Barataria-Terrebonne National Estuary Program (BTNEP)** obtained a **Gulf of Mexico Program** grant to fix home sewage systems. **South Central Planning and Development Commission (SCPDC)** will contract with and reimburse eligible residents. **Bayou Lafourche Fresh Water District (BLFWD)** will visit residential sites to identify broken systems.

HOW? The reimbursement program is simple:

- Once BLFWD identifies a broken system, they will refer those homeowners to SCPDC for financial assistance.
- A licensed contractor will provide an estimate for the repair work and fix the system.
- SCPDC will re-inspect to make sure all work was done.
- Reimbursements pay **100% of the first \$1,000**, then **50% up to \$4,000** in costs incurred by homeowners.

WHY PARTICIPATE? To **save** up to \$4,000 in costly sewage repairs, to **protect** your family's health, and to **protect** our drinking water.

THIS PROGRAM IS COMPLETELY VOLUNTARY AND IS A ONE TIME OFFER.

Contact SCPDC at (985) 851-2900 for more information!
