

Bayou Lafourche CLEANUP

HOSTED BY THE
BARATARIA-TERREBONNE NATIONAL ESTUARY PROGRAM

Join us for our 2025 Bayou Lafourche Cleanup on Saturday, April 5th from 8 am to 12 pm, from Donaldsonville to Leeville!

Each year, hundreds of volunteers remove (literally) tons of trash from all 106 miles of Bayou Lafourche, split between 13 sites, in an effort to protect the bayou and its resources. Beyond its natural beauty, recreational uses, and bountiful flora and fauna, Bayou Lafourche is critical to South Louisiana and our community. We all benefit from the bayou **every single day**. It provides drinking water to over 300,000 citizens across Lafourche, Terrebonne, Assumption, and Ascension Parishes, and sends freshwater and sediment to our fragile coastal marshes in Lafourche and Terrebonne Parishes. It's also a great economic driver for South Louisiana as the only potable water source for Port Fourchon and the offshore energy industry based there.

The event is free to attend, and all supplies and snacks (and a free t-shirt!) will be provided. All ages are welcome, but minors must be accompanied by an adult 18 years or older. Ready to get your hands dirty? Register at the QR code below, or visit btnep.org for more information. For questions, please email Emily Braud at emilyb@btnep.org.
